

DANCE SHOWS

light performance theatre

All of our shows are carefully prepared including dance, performance with props and lighting effects

All of our costumes, props and decorations are hand made,
and equipped with light

We use pneumatic mechanisms and decorations,
unique props and special effects

Light effects and sequences are programmed and displayed simultaneously along with music and video content

ORIGAMI

Beautiful dance in futuristic costumes

3 actors

6 minutes

Origami lanterns

Video content

Lighting katanas

Lighting emphasizes the form and texture of costumes and dark spaces make them more mysterious.

During the whole show costumes are smoothly flickering, blinking and sharply flashing, that blend in perfectly with dancers movements. Choreography, magnificent costumes, light effects and unique props will create awesome ambience at your event.

5 minutes

Special effects, flights, miracles and breathtaking dance

Pneumatic and light effects

Pixel poi

Video content

The stylish light costumes have pneumatic mechanism, so the details of the costumes inflate automatically during the show. The costumes colourfully flash simultaneously with dancers actions. On dancers heads appear big mohawks which make the bright costumes much more vivid.
